

# Luma Connections #16: Create an "I Wonder Board"

**Teaching Strategy:** Photo Engagement

**Teaching Tool:** Discussion Board

This is an online tool that allows learners to interact with each other to explore a topic and to discuss key concepts and concepts, share experiences, interact with each other, and to ask questions. Interactions are not in real-time and can be mentor-learner and learner-to-learner.

**Tip: Create an "I Wonder Board"**

Give the learners the space to post questions they are wondering about or have about the organization or their job. Monitor the board but encourage peer-to-peer interactions.

- Do you have a question about our company?
- Do you have a question about your job?
- Do you have something you have been wondering about?

This is your opportunity to ask a question and answer a question. Explore your peers' posts and see if you have the expertise to answer a question.

Get a point for posting a question and 5 points for responding to a question. Remember: You can trade in your points at our company store in Luma!
